The AOSP and AAOS September Meetup

Agenda. Times are BST (UTC + 1)

18:00 Welcome and introduction

18:15 Interactive AOSP-based cloud streaming solution
Simonas Leleiva

18:45 Q&A; networking

19:15 Wrap-up

19:30 Session ends

BeaglePlay

Breaking news: Android 13 runs on the BeaglePlay

- BeaglePlay: `https://beagleplay.org`

- Installing Android
  `https://baylibre.pages.baylibre.com/ti/android/doc/beagleplay.html`

Kudos to Mattijs Korpershoek at BayLibre for doing the work, and to the folks at TI for sponsoring it

Android devices

- I am trying to get more information about devices that embed Android

- I plan to put together some kind of "hall of fame" (or maybe a hall of shame)

- It would be great if you could post in the Slack chat links, screenshots of devices that are running Android under the lid

    - the more detail the better

- My aim is to show that Android is everywhere, not just in phones (and tablets and TVs and Watches and Cars)

I hope to have something to talk about at the November meetup

Android Studio for Platform

- Now there is an IDE for developing AOSP

- No need to just hack around at the command line? Oh, but that's what we do

- Still, nice to have an alternative

- `https://developer.android.com/studio/platform`

- Anyone had time to try it out?

Group resources

- General: https://aospandaaos.github.io/

- The Meetup group:
  https://www.meetup.com/the-aosp-and-aaos-meetup/

- Slack Workspace: https://join.slack.com/t/theaospandaao-ij91284/shared_invite/
  zt-1k7lmay4j-fX1EGjNgN7OUh72jucQg2g

- I will post links to all talks; they will be open to everyone, not just the
  group

- Talks will be recorded, unless you tell me not to!

Future meetups

- The AOSP and AAOS November Meetup
  Wednesday, 15th November 2023

Call for contributions

- Let me know if you have something you want to say

- Ideally, a few weeks before each meetup
