Two years of the AOSP and AAOS Meetup!

- Started in March 2022

- Now grown to over 600 members

- A big thank you to everyone who has presented, attended or participated in any way

- It's all about community. My idea for the meetup is

    - to provide a place where we can exchange thoughts and ideas about AOSP and AAOS (which is something we don't get from Google)

    - to provide a platform for people to present ideas

    - to create an archive of knowledge - all talks are recorded and linked from `https://aospandaaos.github.io/`

Upcoming conferences

- Droidcon Berlin, 3 to 5 July

  - Looking for talks and workshops related to Android Automotive

  - The CFP closes 1 May: `https://sessionize.com/droidcon-berlin-2024/`
    and select Automotive in "Choose Your Track(s)"

- OSS Europe, Vienna, 16 to 18 September

  - Looking for topics about Embedded Android

  - The CFP closes 30 April: `https://events.linuxfoundation.org/open-source-summit-europe/program/cfp/`
    and select Embedded Linux Conference in "Which microconference are you
    submitting for?"

- Linux Plumbers, Vienna, 18 to 20 September

  - Android micro conference (not confirmed yet)

  - `https://lpc.events/`

Group resources

- General: `https://aospandaaos.github.io/`

- The Meetup group: `https://www.meetup.com/the-aosp-and-aaos-meetup/`

- I will post links to all talks; they will be open to everyone, not just the group

- Talks will be recorded, unless you tell me not to!

Future meetups

- The AOSP and AAOS May Meetup
  Wednesday, 22nd May 2024

- Embedded World Nuremberg 9 to 11 March: contact me (e.g. via chris@2net.co.uk) if you will be there and would like to meet in person

Call for contributions

- Let me know if you have something you want to say

- Ideally, a few weeks before each meetup
