The AOSP and AAOS November Meetup

Agenda

18:00 Welcome

18:15 What is the state of Android on RISC-V?

Yuning Liang will join us to talk about his work on getting Android support for RISC-V processors

19:00 Will "sideloading" Android apps be possible in the future?

A round table discussion about Google's proposed requirement for developer registration and the implications for "sideloading"

19:15 What are you working on?

A chance for people to introduce themselves and give a brief overview of what they are working on in a 5 minute slot

19:30 Session ends
